DETAILED ACTION

Election/Restrictions

\Newly submitted independent claim 42 and claim 40 dependent to newly added claim 42 are examined as below.

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

1. Claims 42 and 40 are rejected under 35 U.S.C. 102(b) as being anticipated by Brumfield et al-5,562,662.

As to claims 42 and 40, Brumfield-'662 (F. 11, for example) discloses a dorsolumbar and lumbosacral vertebral fixation system, comprising a rod (21); a device for vertebral fixation comprising a hook (25) adapted to be fixed to the rod by attachment of an open tail (29) of the hook (25) directly to the rod (21), wherein the open tail of the device for vertebral fixation is adapted to be attached to the rod and locked into place by a setscrew (26/123) on the inside of the open tail and a locknut (124) on the outside of the open tail, and a device for vertebral fixation comprising a hook and/or a finger (131) threadedly adapted to be screwed to the coupling or connector (29) to the rod (21) substantially as recited in the claim.

Art Unit: 3773

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 42 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 42 recites the limitation "the devices for vertical fixation" in line 8. There is insufficient antecedent basis for this limitation in the claim.

Claim 42 recites the limitation "the open tail of the device for vertebral fixation" in line 9. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

Claims 22, 24-39 and 41 are allowed.

Response to Arguments

The finality of the previous office action (paper 6/14/2010) has been withdrawn.

Applicant's arguments with respect to newly added claim 42 and amended claim 40 have been considered and are moot in view of the new ground(s) of rejection necessitated by newly added claim 42 and amendment of dependent claim 40.

Newly added independent claim 42 after non-final rejection (paper 9/3/2009) and claim 40 amended to be dependent to newly added claim 42 have been examined.

Art Unit: 3773

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
